

Adult Clothing Protector Directions

Cut your paper pattern out. Lay two towels together and pin your pattern to the towels as shown. Cut out your pattern along with your towels.

Remove the pattern and re pin the towels together.

Have raw edges together and even. Stitch seam, leaving an opening to turn, as shown.

Turn bib right side out, press. Once turned you can slip stitch the bottom or do what I did and top stitch around the bib.

Cut a piece of hook and loop (Velcro) 1 1/2 to 2 inches long. Separate the hook and loop tape. On inside, stitch the fuzzy half of hook and loop tape to Right back opening edge along solid lines. On Outside, stitch loopy half of hook and loop tape to Left back opening edge along solid lines.
